

Homestar is a general purpose LED slim light luminaire for various lighting applications, such as home lighting, Work Table, small offices and other general applications. Homestar is highly system efficient that delivers significant energy savings of up to 50% as compared to conventional T8 lamp. It comes with a choice of smooth, easy to-clean opal or prismatic covers.

## Features & Benefits

- An attractive design that blends in perfectly with all interiors.
- Integrated design, slim profile, easy to install.
- Choice of smooth, easy-to-clean opal or prismatic covers.
- Good Colour uniformity and colour rendering (CRI>80).
- World Class, approbated quality components (LEDs/Driver / etc.)
- Reliable and robust housing structure, maximise the endurance over the life time of over 30, 000 hours.
- Low maintenance cost.

## Specifications

Family Name	: Home Star
Model	: PLHL (541)
Wattage	: 10Watt (2 feet), 20Watt (4feet)
Lumen / Watt	: 110lm/w
Lamp Colour	: 2700K, 6500K
Colour Rendering Index	: >80
Optics	: HET diffuser
Driver	: Integrated (Constant current driver)
Housing	: Extruded aluminum housing finished by white coating
Lifetime	: 30, 000 hrs
Classifications	: IP20
Input Voltage	: 180-270V AC - 50Hz
Power Factor	: > 0.95
Installation	: To be mounted on wall surface
Application	: Used as indoor lighting in office interiors, budget hotel rooms, restaurant, malls and residency

### Accessories & Controls

In-built integrated electronic LED driver

### Installation

Individual two point surface mounting on wall/ceiling.
